AN AGRICULTURIST

MRS. ANDERSON OF KNOWLTON, MONT., WRITES.

CAPTURES FIRST PRIZE

At the Fair There Recently on Agricultural Products and Also First on Corn.

A letter from Mrs. Harry Anderson of Knowlton, Mont., was read Thursday night before Alert Rebekah lodge, at its regular meeting, that contains so much that is of interest to all of Mrs. Anderson's old Maryville friends, we have asked for it for publication, and it will be of interest to all of our readers.

Mr. Anderson sold out his furniture business in Maryville several years ago, and with his family went to Montana and bought a section of government land. Mrs. Anderson's letter indicates they have become real farmers and that she is also an agriculturist. The letter is written to Mrs. Fred J. Yeomans, secretary of Alert Rebekah lodge, and as there is only a little that is strictly personal, will give it all:

Knowlton, Mont., Feb. 13.—Your kind message at hand, and as I have opportunity to send this to the office by one of the neighbors, will answer immediately.

I certainly would like to walk in on you Rebekahs once more, and I often wonder how the lodge is progressing, who is who, and so on. I have not been in a lodge room since leaving Maryville, but they are going to try to organize one in Ismay, and have asked me to assist. Ismay is our nearest railroad point and is twenty-six miles distant. You know I am a staunch Rebekah; but say, gentle folks, twenty-miles soon ceases to be a joy ride, especially at this time of year. Last Monday and Tuesday the thermometer registered 48 and 52 degrees below zero, but we do not notice it being any colder at that than you do back there when it is 10 degrees below.

Our winter had been ideal until February 1st, or until the pesky groundhog came forth. We had had very little snow, but enough in fact for the boys to track deer. This is the first winter that our larder has been without venison.

Our crops last year were record breakers, our wheat went 47½ bushels per acre. I don't know just what our oats yield was.

I am getting to be quite an agricultural enthusiast. I captured $26 prize money on agricultural products at the Ismay fair. I had not been in this country long until I discovered that the secret of success was home-grown seed.

The state agriculturalist from the experiment station at Bozeman, Mont., has written me for a sample of my corn that I took first on. Now this, as you know, is no corn country, but all Missourians have a weakness for corn, so the first year we were here I planted a 5-cent package of White Dent corn grown in Valley City, N. D. I got two little nubbins about six inches long that had commenced to dent. I gathered them in carefully before the frost, tested them in February, and the second year got about six nubbins, but much better matured. You notice I call them nubbins. A Missourian would scorn to call them ears. The third year witnessed my triumph. I had acclimated real corn, and when they gave me my prize money and offered me 10 cents per pound for all I had raised, I really felt that I had accomplished something.

Most women dote on chickens, but aside from their being an absolute necessity on a ranch, I can't say that I really fancy them, but I have great luck with and can raise them with my eyes shut.

I am enclosing $1 for my dues and will soon take steps toward getting a withdrawal card if you will kindly tell me how to proceed. Ismay is a small place and will need all the names they can get, so will help all I can. I sometimes wonder if candidates realize the extent of their obligations when joining; but perhaps everybody isn't as conscientious as I am about vows. It sounds well, while sitting in a warm lodge room, surrounded by friends, to listen to the words: "Wherever sorrow's cry is heard thou shouldst be quick in thy ministrations, etc." but how few of us at the time realize the full extent of its meaning. It doesn't say, "If a brother Odd Fellow or a sister Rebekah needs help go and help them," but the word wherever means much, and to this we have sworn obedience, with our sacred word of honor until the end of life. It is a great thing to be an Odd Fellow or a Rebekah when our obligations mean so much, and after they have meant so much, what one of us would shirk? I have been a Rebekah for sixteen years and its teachings have become my religion. If I should be so unfortunate as to live out the remainder of my natural life time without being permitted to enter another lodge room, I could never forget its beautiful teachings and all they stand for and mean to me. I am glad that it was my privilege to commit the charges, and I often repeat them. I'm sorry I never learned the past grand charge, but do you know I often (in my mind) hear Mrs. Cox's voice again repeating it.

I am glad that you sometimes think of me, and though I cannot write to each of you individually, I am glad to know you are still faithful to the cause for which we so long worked together. Wishing each of you the best that life affords, and that we may sometime meet again, I am most faithfully yours in Friendship, Love and Truth,

CARRIE L. ANDERSON.

BOUND OVER TO APRIL TERM.

Three Boys of Guilford, Charged With Breaking Into Several Places, Were Arraigned Thursday.

Prosecuting Attorney George Pat Wright and Sheriff Ed Wallace were in Guilford Thursday, and before 'Squire M. C. Noland three boys of that town were arraigned and bound over to the April term of circuit court. All three of the boys are charged with breaking into several places at Guilford. All of the boys are under 21 years of age. They are Roy VanFossen, James Wray and the Lawrence boy.

There are six such boys enrolled at the present time, and the Y. M. C. A. bureau obligingly solicits the odd jobs of the public at reasonable prices.

Call the Normal, Hanamo phone 143, when in need of help.

Interesting Old Letters.

George Stafford has some very interesting old letters in his possession which were written away back in the sixties during the civil war. Most of the letters are from his brother John, and were written by the latter while he was serving in the army. They were mailed in southern states, and one in particular from Ringold, Ga., speaks of the conditions there at that time. It said that the farmers were not planting much corn there because they were afraid of the guerrillas, who were then terrorizing that country. The letter was dated April 2, 1865. One from Pensaloca, Fla., spoke of several hard battles and victories won. Mr. Stafford prizes the letters very highly.—Burlington Junction Post.

SHELDON CAUGHT

ESCAPED PRISONER IS NOW BACK IN COUNTY JAIL.

WAS IN MANY PLACES

Sheldon Was in Bed at Home of His Stepfather When Caught—Stealing Chickens is Charge.

Frank Sheldon, who escaped from the county jail on Wednesday evening, December 31, was caught at the home of his step-father, Sam Borroughs, two and a half miles northwest of Parnell, on Thursday night by Sheriff Ed Wallace and Deputy John Surplus of Parnell. Sheldon had been at the home of his step-father for the past three days and a tip was received by Sheriff Wallace of his being there.

Sheldon was in bed when the officers arrived there Thursday night at 9:30 o'clock. He made complaints that he was sick, but the officers brought him to Maryville, and he is now safely locked in jail.

Sheldon effected his escape from jail by a clever ruse. Sheriff Wallace was out of town at the time, and the prisoner made a request of Mrs. Wallace to use the telephone, as he wanted to talk to his uncle, John Aldrich, living near Guilford. The request was granted and Sheldon used the phone and called for his uncle's house. The telephone box is only a few feet from the front door to the jail building, and before anyone knew he had opened the door and was on the outside running. Several took after him, but they were unable to find him, and the next day the bloodhound from Creston, Ia., was put on his trail and followed it to Miriam cemetery, and from tracks at that place he got in a buggy there.

Sheriff Wallace received word of Sheldon from time to time in different places over the country. He was in several places in Minnesota, Illinois and Nebraska, but the sheriff got word of him too late for him to catch him. The authorities were on his track and traced him from place to place. The first of this week Sheldon returned from his trip, as he was tired of chasing around over the country.

Sheldon was arrested on December 23 by Constable Gabe Purcell at Conception Junction. He was charged with stealing eleven chickens from George Loomis, a farmer living near Clyde, and selling them to James Donnelly, the poultry buyer of Conception Junction, receiving $5.15 for them. Sheldon waived the preliminary hearing and his case was set for trial at the January term of circuit court. He claims that he is 19 years old and that his step-father lives in the Gaynor City neighborhood. He has been a farm hand in the Clyde neighborhood for several months. His trial will come up probably next Wednesday at an adjourned session of circuit court.

WAS A GOOD SALE.

Good Prices Received for Stock at the Kelley Bros.' Sale on Thursday.

The Kelley Bros.' sale held Thursday at their farm, seven miles southeast of Maryville, was one of the best sales held this year. Good prices were received for the stock. A pair of mares brought $500, a 5-year-old mare brought $215, a 2-year-old horse colt $160, a yearling filly $160, a pair of last spring colts $260. Cows averaged between $65 and $98, and yearling steers brought $55. Last spring steer calves sold for $48 a head and heifer calves averaged $43. Hay in the stack brought $10 a ton, oats 40 cents a bushel, and corn 69 cents a bushel. The amount of the sale was $4,500. R. P. Hosmer was the auctioneer.

Eleven-Pound Rabbit.

Frank Bears captured a rabbit yesterday near C. C. McDermott's that was a curiosity in this section. He shot it and crippled it so that he could catch it. He brought it to town and exhibited it. It was a big one, weighing eleven pounds. The most of the people pronounced it a jack rabbit, but we do not think it was, as we have seen several jacks and never saw one that looked like this one, but we have seen a few that were called English rabbits that were like this one, both in size and looks.—Clearmont News.

More Horses Listed.

I. C. Roelofson of Barnard, a breeder of Percheron horses was here last night completing arrangements for entering seven draft horses in the sale March 9th, with F. E. Longmire, assistant secretary. Mr. Roelofson is one of Nodaway county's prominent farmers, who has found the breeding of registered draft horses profitable.—Trenton Republican.

MRS. A. T. JENKINS DEAD.

Kansas City Woman Was a Sister of George S. Baker of This City—Death Came Last Night.

George L. Wilfley left Friday for Kansas City to be present at the funeral services of his aunt, Mrs. Sarah Henry Jenkins, who died Thursday evening at her home in that city of heart trouble. The services will be held Saturday afternoon. Mrs. Jenkins was a sister of Mr. Wilfley's mother.

George S. Baker of this city, a brother of the late Mrs. Jenkins, will be unable to go on account of ill health.

Mrs. Jenkins is survived by three children, Rev. Burris A. Jenkins, pastor of the Linwood Boulevard Christian church of Kansas City; Paul Jenkins of New York and Mrs. W. H. Bryan of El Paso, Texas. Three other children died in infancy.

Mrs. Jenkins was born in Richmond, Ky., September 9, 1834. When she was an infant the family moved to Maryville, where she spent her girlhood. When she was 20 years old she married Andrew Trigg Jenkins, and eleven years later moved to Kansas City, where Mr. Jenkins engaged in banking. His death occurred in 1879.

ARRESTED AT ST. JOSEPH.

Richard Grooms of Guilford Charged With Forging a Check.

Richard Grooms was arrested in St. Joseph Wednesday on a charge of passing a bad check at Guilford. He was brought back to Guilford and will be put in the county jail here for the April term of circuit court. Prosecuting Attorney George Pat Wright issued an information against Grooms Friday.

The St. Joseph Gazette says: Richard Grooms, 22 years old, Guilford, Mo., wanted at that place on a charge of passing a bad check, was arrested here Wednesday night by Detectives Duncan, Thompson, Maney and Linck. He was taken into custody within twenty minutes after the detectives had received word that he was wanted. The constable at Guilford telephoned the police Wednesday night that Grooms and another man were on their way to St. Joseph on a freight train.

The detectives went to North St. Joseph, but when they got there the train was already in. They separated and made a search of the vicinity. The two men were found on a street car.

MARRIED IN LOS ANGELES.

C. J. Colden, Former Maryville Resident, Wedded to California Woman.

Charles J. Colden, a former Maryville resident and well known here and over the county, was married last Thursday at Los Angeles, Cal., to Miss Clara Norman of that city. Mr. Colden has been making his home in Los Angeles for the past few years. Mr. Colden was divorced at the Gallatin circuit court on November 4, 1913, by Mrs. Jessie Colden, who is residing in Maryville. Mrs. Colden was given a decree, the care and custody of the children and $6,000 alimony.

The following is an account of the wedding as taken from a Los Angeles paper.

In other countries many people have been married amidst olden relics, ancient churches showing the wear and tear of existence, old cathedrals whose naves have rung with voices long since stilled, chapels which have seen the nuptials of many a fair maid and man. But it remained for Los Angeles, the town of the future, to hold the record for having a wedding in a church building which is yet four or five months from completion.

Yesterday morning the Trinity M. E. church, South, Grand avenue and Ninth street, saw its first wedding—a wedding whose lines were read by the Rev. Charles C. Selecman, pastor of the church, with the sound of determined hammers instead of the swish of silken skirts, in a scent of fresh paints, oils, plasters and woods instead of the usual odor of flowers and perfumes. For the congregation there were at least 150 workmen; all with their labor in hand.

With only two witnesses, Miss Clara Norman, until recently a pretty young school teacher at the Utah street school, and Charles J. Colden, a realty man in the Union Oil building, were united in marriage. Miss Norman, or rather Mrs. Colden, has been making her home at the Stillwell hotel until yesterday.

And no one at the hotel knew anything about her sudden determination to depart on the sea of matrimony. Their reason for choosing the unfinished church was an altruistic one. It was because they liked and admired all that the new church stands for. It is a nine-story building. In its four walls are to be rooms for young men who have no ties of home, and big reading rooms for study and for play. And so in the promise of a beautiful big church was performed this unique affair yesterday.

The K. P. Celebration.

The local K. P. lodge held a public ritualistic service Thursday night at the lodge hall in honor of the golden anniversary of the founding of the order in this country. Many of the officers of the local lodge spoke of the achievements during the fifty years, and that the lodge today was one of the strongest in the country with 750,000 members. Music was furnished by the Dietz sisters, composed of Grace, Edna, Esther and Margaret Dietz. Vocal solos were given by Helen Rose Crawford and Bernice Crawford. At the close of the program a luncheon was served.

School Was Dismissed.

Prof. J. L. Campbell, principal of the Parnell public schools, was taken sick last Friday and had to dismiss his room for the afternoon. The school board met Monday morning and decided not to have any school this week on account of the professor's condition, but expect to open next Monday morning.—Parnell Sentinel.

ELEVEN CONVERTS

AT BAPTIST CHURCH REVIVAL MEETING THURSDAY NIGHT.

AGAINST THE MORALIST

Rev. George L. Hale's Sermon Was Against Moralist in Particular and Hits Many Others.

"One woman, bending over a washtub to support five or six children is infinitely worse off than all the old maids," said Rev. George L. Hale at the Baptist church last night in his talk on "The Lost Opportunity of the Trembling Sinner." Rev. Hale took his text from the court room scene of Paul graphically arraigning King Agrippa before the judgment throne of his own conscience. As a modern Paul, Rev. Hale made several tremble before the bar of their own conscience before he had finished his strong argument against the moralist in particular. He said that the moralist was one of the biggest sinners we have to contend with today. This distinction was gathered from his remarks, that a moralist does right because he reasons that that is the best way to live. A Christian does right because he loves to do right and feels a pang of conscience when he does wrong.

"One reason for so many divorces," he said, "is because so many young girls are afraid that they will live to be old maids if they don't accept the first chance they have for matrimony. We need more women with backbone to withstand the temptations thrown before them and make the name of woman revered among men. We need more men with backbone to help women uphold the standard of purity and chastity. The best only way to live a right and pure life is to seek Jesus and implore His aid. About the only time we ever think about calling on God is when we get in a tight place and human aid is of little value."

He spoke on the creative power of man. "If we were to take," he said, "a cell from the brain of the eminent statesman Gladstone, one from the brain of the poet Milton, one from the military genius Napoleon and one from all the great men of history we would have a man with infinite brain power. Yet he would not be able to create even one little grain of sand, so small and limited is his power to create compared with the power of God. So great is the power of God that He flung the planets into space and not one of the myriads upon myriads of worlds and planets move out of harmony in their endless course.

"Too many people go about bragging on the august 'I,' that I have paid my honest debts, that I have given aid to the poor and so on, yet that very same person is a violater of the greatest commandment, 'love thy neighbor as thyself.'"

Rev. Hale will speak tonight on the subject, "The Devil's Pay."

The music of the meeting is most inspiring under Rev. Henry's leadership. There were eleven conversions at the close of the service and additions to the church. Three others went to the front for prayer, and others in the audience signified a desire to be saved.

Dr. Hale announced that he would hold a men's meeting Sunday afternoon at 3 o'clock, and that he would talk on "Religion in Practical Affairs." He will read several personal letters from well known statesmen, among them President Woodrow Wilson, Speaker Clark, Joseph G. Cannon, William Jennings Bryan, and others, in answer to the questions as to whether the spirit of Christianity is more dominant in political life now than it used to be.

Health and the Open Winter.

The old-time theory that an open winter is prolific of ill-health seems to be disproved for the present season, in Chicago at least. The winter has been unusually mild, the thermometer on January 28 recording 60 degrees. There has been practically no snow throughout the months of December and January. According to the Bulletin of the Chicago Department of Health, there has been for the eight weeks ending January 24 a reduction of 29.6 per cent in the pneumonia death rate as compared with the average of a like period for the previous five years; 23.3 per cent in influenza and 7.8 per cent in the rate for tuberculosis. There have likewise been reductions of measles, which dropped 82 per cent; scarlet fever, 54 per cent; diphtheria, 24.2 per cent, and whooping cough, 18.2 per cent. The Bulletin accounts for this by the opportunity given by the mild weather for outdoor living and better ventilation in living quarters. It is estimated that in the diseases named there has been a saving of 515 lives during the six weeks of December and January for which the comparison was made.

DANGER AFTER GRIPPE

Lies in Poor Blood, Cough and Worn-Out Condition.

Grippe, pleurisy, pneumonia are greatly to be feared at this season.

To prevent grippe from being followed by either pleurisy or pneumonia, it is important to drive the last traces of it out of the system.

Our advice is to take Vinol, our delicious cod liver and iron preparation without oil, and get your strength and vitality back quickly.

W. W. Lake of Aberdeen, Miss., says: Grippe left me weak, run-down and with a severe cough from which I suffered for a long time. I tried different remedies, but nothing seemed to do me any good until I took Vinol from which I received great benefit. My cough is almost entirely gone and I am strong and well again."

Try Vinol with the certainty that if it does not benefit you we will give back your money. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

HUERTA GETS FINANCIAL AID

Interest on Mexican Bonds Will Now Be Paid.

LA BARRA BACK FROM EUROPE

Declares Dictator Now Has Enough Money to Stay in Power Indefinitely and That His Ultimate Triumph Is Certain.

New York, Feb. 20.—Adolfo De La Barra, Mexican minister of finance, arrived here on the steamship Kron Prinzessin Cecilie on his way to Mexico City from Europe, where he obtained funds to meet interest payments due on government bonds in January and April. He said he was returning to assist the Huerta administration. He will not visit Washington. He said that, in his opinion, the funds obtained abroad, more than $30,000,000, would be sufficient to continue Huerta in power indefinitely.

President Huerta is the only man, the minister said, who could restore peace in Mexico. His ultimate triumph, he added, was certain. He declined to comment in any way on this country's policy toward Mexico.

Neutral Zone Is Agreed To.

Juarez, Mex., Feb. 20.—General Francisco Villa, the rebel commander, agreed to the proposition for a neutral zone at Torreon in a conversation over the telephone with General Hugh L. Scott.

RAISE FOR BURLINGTON MEN

Increase of About Hundred Thousand Annually Granted.

Chicago, Feb. 20.—Increases in wages approximating $100,000 annually were granted 5,000 trainmen of the Chicago, Burlington and Quincy railroad by a board of arbitration which has been sitting for three months.

The award granted full payment for all services performed, either in miles or hours, but denied in almost every instance requests for extra payments for service incidental to regular duties. No reductions in pay were made.

A minimum wage per month was established for the first time for passenger trainmen and is as follows:

Conductors, $134.20; baggagemen, $80.85; brakemen and flagmen, $74.80.

SAYS MILITANT IS LUNATIC

London Magistrate Orders Inquiry Into Suffragist's Mind.

London, Feb. 20.—A new method of dealing with the militant suffragists was suggested when a police magistrate declared the attack of a woman on Lord Weardale was the act of a lunatic and said he would order an inquiry into the state of her mind. The woman, Miss Mary Lindsay, was refused freedom on bail.

The attack on the baron was made at Euston station. Miss Lindsay was armed with a heavy whip. She approached Lord Weardale while he was standing with his wife. At the first blow he was knocked to the ground. The woman, when arraigned, said she mistook the baron for Premier Asquith.

White Sox Leave for Training Camp

Chicago, Feb. 20.—Believing that the development of one more topnotch pitcher and an increase of speed on the base lines will make the White Sox pennant winners, "Kid" Gleason left with the vanguard of the team for the training grounds at Paso Robles Cal. Optimistic reports from Pitcher Ed Walsh, who is already on the ground, and the good condition of the recruits, who boarded the train, were responsible for the rosy predictions by Gleason.

THIS FENCE DIFFERENT

Our customers who have used Apex Fences don't want any other now.

Apex has all the best features of good fencing:

Open Hearth Steel Wire
Thorough Galvanizing
Guaranteed Stock-Proof Construction
Firm, Rigid Stays which Hogs can't bend up at the bottom.

But, besides all these good points, Apex has two distinct features which other fences lack. The "*swinging joint*" makes it the one perfectly adjustable fence to all hilly and sloping land. That saves you time, trouble and labor, and is worth money to you.

The stays of Apex are reinforced to "*double strength*" at every joint. At that point they are heavier than the stays of any other fence.

Don't buy another rod of fence till we have shown you the big advantages of the Apex line.

IF CHILD IS CROSS, FEVERISH AND SICK

Look Mother! If Tongue is Coated, Cleanse Little Bowels With "California Syrup of Figs."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sours, then your little one becomes cross, half sick, feverish, don't eat, sleep or act naturally, breath of bad, system full of cold, has sore throat, stomach ache or diarrhoea. Listen, mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup company." Refuse any other kind with contempt.—Advertisement.

Whooping Cough is Rampant.

The whooping cough and mumps seem to have the town. Never has there been so many cases, all due to carelessness. Not a single case of these contagious diseases has been posted and very little effort has been made to keep the children affected, especially as to whooping cough, at home. There is a city ordinance somewhere in regard to contagious diseases, and it was published at the time it was passed by the city council, and it is evident the matter has been forgotten by everybody in caring for the afflicted ones. A good many little folks, babies especially, are suffering fearfully from whooping cough, and they might have been saved from it by care on the part of parents, who should have kept children exposed to it at home.

GOETHALS REACHES NEW YORK CITY

Canal Builder Will Not Talk About Mayor Mitchel's Offer.

New York, Feb. 20.—Colonel George W. Goethals arrived from Colon, made non-committal answers to questions about a letter brought to him from Mayor John Purroy Mitchel, that left the question of his acceptance of the New York police commissionership more uncertain than ever and then left for Washington.

Blunt questions and ingeniously devised queries about the police commissionership brought one inevitable answer: "I have nothing to say on the subject of the police commissionership."

"When your term as governor of the canal zone expires will you then consider taking the police commissionership?" he was asked.

"I really don't know," the colonel answered.

The business that took him to Washington was, he said, the reorganization of the government of the canal zone, the appropriation of $34,000,000 for terminals, docks and fortifications and especially the disposal of the charges made against John Burke, manager of the commissary department of the Panama railroad.

NORRIS ASKS INFORMATION

Proposes to Block Any Deal for New Haven Compromise.

Washington, Feb. 20.—Senator Norris introduced a resolution to direct Attorney General McReynolds to inform the senate whether the department of justice is contemplating entering into any contract or agreement with officials of the New York, New Haven and Hartford for reorganization of the railroad or settlement of its financial difficulties.

The resolution would ask information of whether any agreement would contemplate giving immunity to any persons connected with New Haven transactions and whether such an agreement contemplates the surrender of any right for actions to recover money or damages "on account of the misappropriation of the money, funds or property of said company."

Washington's Unselfishness.

When I was first honored with a call into the service of my country my duty required that I should renounce every pecuniary compensation. From this resolution I have in no instance departed, and I must decline as inapplicable to myself any share in the personal emoluments which may be indispensably included in a permanent provision for the executive department and must accordingly pray that the pecuniary estimates for the station in which I am placed may during my continuance in it be limited to such actual expenditures as the public good may be thought to require.—First Inaugural.

BOY TELLS OF SOLDIERS' BRUTALITY

Says Guardsmen Took $200 From Purse in House.

Trinidad, Colo., Feb. 20.—At the federal investigation of the coal miners' strike Gustav Yeskenski told in broken English of being kicked by a militiaman when he tried to protect his home and his little brothers and sisters. He declared that two soldiers came to the family ranch at Suffield, Feb. 10, ransacked the rooms and took $200 from his mother's purse. Following the lad's testimony, Captain W. C. Danks made a statement to the committee that the alleged incident had been reported to Adjutant General Chase and that an active investigation by the military authorities was in progress. Captain Danks said it had not been determined whether or not the alleged outrage was the act of militiamen.

Mr. and Mrs. David C. Johnson, ranchers, owners of the land on which the Forbes strikers' colony is located, testified that the battle of Forbes, Oct. 17, started when a mine guard threw down a white flag he had carried to the colony entrance.

SERIOUS FLOODS IN CALIFORNIA

Property Loss of From Five Hundred Thousand to Million.

TWO FATALITIES ARE REPORTED

Southern Counties Visited by Heavy Rains—Six to Eight Inches in Places. Orange Growing Section and Railroads Suffer Most.

Los Angeles, Feb. 20.—Two lives were lost and damage estimated at from $500,000 to $1,000,000 was wrought by the storm which sent a record rain to six southern California counties. At several points near Los Angeles a precipitation of from six to eight inches was recorded. The orange growing section and the railroads suffered most.

The three trunk lines entering Los Angeles, the Southern Pacific, the Santa Fe and the Salt Lake railroads, were compelled to route all trains over a Santa Fe branch line. Santa Barbara and towns in the foothills region were still cut off.

At Covina, in the fruit growing section, the storm wrought damage estimated at $100,000. Orange orchards were washed out there. The body of Harold Seit, a rancher, drowned there, was recovered. The body of Emmett Osterman, the thirteen-year-old boy drowned at Santa Barbara, was believed to have been swept out to sea. Many residents were concentrated in this city and in the low lying sections about Santa Ana, in Orange county, thirty-five miles southeast, hundreds of acres were inundated. The homes of thirty Mexican families in the same district were swept away.

CHARGED WITH FRAUD

Man Who Would Buy House for Goethals Arrested.

Washington, Feb. 20.—Robert Andrew Hamilton, who says he is a civil engineer employed by the Canadian Pacific railway, was arrested here by postoffice inspectors on a charge of having used the mails with intent to defraud. They charged him with connection with a project which mailed circulars to mayors of 700 cities soliciting contributions to a $50,000 fund to buy a home for Colonel George W. Goethals. Hamilton protested to the postoffice authorities and the police that he was a great admirer of Colonel Goethals and intended to withhold from the funds collected only enough to pay his expenses in arranging the gift to the Panama canal builder.

Vindicating Reed.

Several newspapers, in speaking of the currency bill, now admit that as put through the house originally, the bill was impossible. They praise the improved form in which it finally became a law. What is the inference, when such a paper as the Republic makes such a statement? What is it but a confession of its own error and insincerity in denouncing Senator Reed? It will be remembered that both the Republic and the Post-Dispatch had many harsh things to say of Mr. Reed, accusing him of opposing the president and delaying the bill for unworthy motives. Yet beyond a doubt, while these papers were denouncing him for dilatory tactics, Senator Reed's efforts were directed to perfecting the bill, and it may be said that if any member of congress deserves credit for the bill as it finally passed it was the junior senator from Missouri. In this admission that the currency bill, as signed by the president, was a vast improvement over the bill passed by the house, Mr. Reed may find his vindication, while at the same time the St. Louis newspapers which attacked him confess their own error or lack of honesty.—St. Louis Censor.

AN AGRICULTURIST

MRS. ANDERSON OF KNOWLTON, MONT., WRITES.

CAPTURES FIRST PRIZE

At the Fair There Recently on Agricultural Products and Also First on Corn.

A letter from Mrs. Harry Anderson of Knowlton, Mont., was read Thursday night before Alert Rebekah lodge, at its regular meeting, that contains so much that is of interest to all of Mrs. Anderson's old Maryville friends, we have asked for it for publication, and it will be of interest to all of our readers.

Mr. Anderson sold out his furniture business in Maryville several years ago, and with his family went to Montana and bought a section of government land. Mrs. Anderson's letter indicates they have become real farmers and that she is also an agriculturist. The letter is written to Mrs. Fred J. Yeomans, secretary of Alert Rebekah lodge, and as there is only a little that is strictly personal, will give it all:

Knowlton, Mont., Feb. 13.—Your kind message at hand, and as I have opportunity to send this to the office by one of the neighbors, will answer immediately.

I certainly would like to walk in on you Rebekahs once more, and I often wonder how the lodge is progressing, who is who, and so on. I have not been in a lodge room since leaving Maryville, but they are going to try to organize one in Ismay, and have asked me to assist. Ismay is our nearest railroad point and is twenty-six miles distant. You know I am a staunch Rebekah; but say, gentle folks, twenty-miles soon ceases to be a joy ride, especially at this time of year. Last Monday and Tuesday the thermometer registered 48 and 52 degrees below zero, but we do not notice it being any colder at that than you do back there when it is 10 degrees below.

Our winter had been ideal until February 1st, or until the pesky groundhog came forth. We had had very little snow, but enough in fact for the boys to track deer. This is the first winter that our larder has been without venison.

Our crops last year were record breakers, our wheat went 47½ bushels per acre. I don't know just what our oats yield was.

I am getting to be quite an agricultural enthusiast. I captured $26 prize money on agricultural products at the Ismay fair. I had not been in this country long until I discovered that the secret of success was home-grown seed.

The state agriculturalist from the experiment station at Bozeman, Mont., has written me for a sample of my corn that I took first on. Now this, as you know, is no corn country, but all Missourians have a weakness for corn, so the first year we were here I planted a 5-cent package of White Dent corn grown in Valley City, N. D. I got two little nubbins about six inches long that had commenced to dent. I gathered them in carefully before the frost, tested them in February, and the second year got about six nubbins, but much better matured. You notice I call them nubbins. A Missourian would scorn to call them ears. The third year witnessed my triumph. I had acclimated real corn, and when they gave me my prize money and offered me 10 cents per pound for all I had raised, I really felt that I had accomplished something.

Most women dote on chickens, but aside from their being an absolute necessity on a ranch, I can't say that I really fancy them, but I have great luck with and can raise them with my eyes shut.

I am enclosing $1 for my dues and will soon take steps toward getting a withdrawal card if you will kindly tell me how to proceed. Ismay is a small place and will need all the names they can get, so will help all I can. I sometimes wonder if candidates realize the extent of their obligations when joining; but perhaps everybody isn't as conscientious as I am about vows. It sounds well, while sitting in a warm lodge room, surrounded by friends, to listen to the words: "Wherever sorrow's cry is heard thou shouldst be quick in thy ministrations, etc." but how few of us at the time realize the full extent of its meaning. It doesn't say, "If a brother Odd Fellow or a sister Rebekah needs help go and help them," but the word wherever means much, and to this we have sworn obedience, with our sacred word of honor until the end of life. It is a great thing to be an Odd Fellow or a Rebekah when our obligations mean so much, and after they have meant so much, what one of us would shirk? I have been a Rebekah for sixteen years and its teachings have become my religion. If I should be so unfortunate as to live out the remainder of my natural life time without being permitted to enter another lodge room, I could never forget its beautiful teachings and all they stand for and mean to me. I am glad that it was my privilege to commit the charges, and I often repeat them. I'm sorry I never learned the past grand charge, but do you know I often (in my mind) hear Mrs. Cox's voice again repeating it.

I am glad that you sometimes think of me, and though I cannot write to each of you individually, I am glad to know you are still faithful to the cause for which we so long worked together. Wishing each of you the best that life affords, and that we may sometime meet again, I am most faithfully yours in Friendship, Love and Truth,

CARRIE L. ANDERSON.

BOUND OVER TO APRIL TERM.

Three Boys of Guilford, Charged With Breaking Into Several Places, Were Arraigned Thursday.

Call the Normal, Hanamo phone 143, when in need of help.

Interesting Old Letters.

George Stafford has some very interesting old letters in his possession which were written away back in the sixties during the civil war. Most of the letters are from his brother John, and were written by the latter while he was serving in the army. They were mailed in southern states, and one in particular from Ringold, Ga., speaks of the conditions there at that time. It said that the farmers were not planting much corn there because they were afraid of the guerrillas, who were then terrorizing that country. The letter was dated April 2, 1865. One from Pensaloca, Fla., spoke of several hard battles and victories won. Mr. Stafford prizes the letters very highly.—Burlington Junction Post.

SHELDON CAUGHT

ESCAPED PRISONER IS NOW BACK IN COUNTY JAIL.

WAS IN MANY PLACES

Sheldon Was in Bed at Home of His Stepfather When Caught—Stealing Chickens is Charge.

Frank Sheldon, who escaped from the county jail on Wednesday evening, December 31, was caught at the home of his step-father, Sam Borroughs, two and a half miles northwest of Parnell, on Thursday night by Sheriff Ed Wallace and Deputy John Surplus of Parnell. Sheldon had been at the home of his step-father for the past three days and a tip was received by Sheriff Wallace of his being there.

Sheldon was in bed when the officers arrived there Thursday night at 9:30 o'clock. He made complaints that he was sick, but the officers brought him to Maryville, and he is now safely locked in jail.

Sheldon effected his escape from jail by a clever ruse. Sheriff Wallace was out of town at the time, and the prisoner made a request of Mrs. Wallace to use the telephone, as he wanted to talk to his uncle, John Aldrich, living near Guilford. The request was granted and Sheldon used the phone and called for his uncle's house. The telephone box is only a few feet from the front door to the jail building, and before anyone knew he had opened the door and was on the outside running. Several took after him, but they were unable to find him, and the next day the bloodhound from Creston, Ia., was put on his trail and followed it to Miriam cemetery, and from tracks at that place he got in a buggy there.

Sheriff Wallace received word of Sheldon from time to time in different places over the country. He was in several places in Minnesota, Illinois and Nebraska, but the sheriff got word of him too late for him to catch him. The authorities were on his track and traced him from place to place. The first of this week Sheldon returned from his trip, as he was tired of chasing around over the country.

Sheldon was arrested on December 23 by Constable Gabe Purcell at Conception Junction. He was charged with stealing eleven chickens from George Loomis, a farmer living near Clyde, and selling them to James Donnelly, the poultry buyer of Conception Junction, receiving $5.15 for them. Sheldon waived the preliminary hearing and his case was set for trial at the January term of circuit court. He claims that he is 19 years old and that his step-father lives in the Gaynor City neighborhood. He has been a farm hand in the Clyde neighborhood for several months. His trial will come up probably next Wednesday at an adjourned session of circuit court.

WAS A GOOD SALE.

Good Prices Received for Stock at the Kelley Bros.' Sale on Thursday.

The Kelley Bros.' sale held Thursday at their farm, seven miles southeast of Maryville, was one of the best sales held this year. Good prices were received for the stock. A pair of mares brought $500, a 5-year-old mare brought $215, a 2-year-old horse colt $160, a yearling filly $160, a pair of last spring colts $260. Cows averaged between $65 and $98, and yearling steers brought $55. Last spring steer calves sold for $48 a head and heifer calves averaged $43. Hay in the stack brought $10 a ton, oats 40 cents a bushel, and corn 69 cents a bushel. The amount of the sale was $4,500. R. P. Hosmer was the auctioneer.

Eleven-Pound Rabbit.

Frank Bears captured a rabbit yesterday near C. C. McDermott's that was a curiosity in this section. He shot it and crippled it so that he could catch it. He brought it to town and exhibited it. It was a big one, weighing eleven pounds. The most of the people pronounced it a jack rabbit, but we do not think it was, as we have seen several jacks and never saw one that looked like this one, but we have seen a few that were called English rabbits that were like this one, both in size and looks.—Clearmont News.

MRS. A. T. JENKINS DEAD.

Kansas City Woman Was a Sister of George S. Baker of This City—Death Came Last Night.

George L. Wilfley left Friday for Kansas City to be present at the funeral services of his aunt, Mrs. Sarah Henry Jenkins, who died Thursday evening at her home in that city of heart trouble. The services will be held Saturday afternoon. Mrs. Jenkins was a sister of Mr. Wilfley's mother.

George S. Baker of this city, a brother of the late Mrs. Jenkins, will be unable to go on account of ill health.

Mrs. Jenkins is survived by three children, Rev. Burris A. Jenkins, pastor of the Linwood Boulevard Christian church of Kansas City; Paul Jenkins of New York and Mrs. W. H. Bryan of El Paso, Texas. Three other children died in infancy.

Mrs. Jenkins was born in Richmond, Ky., September 9, 1834. When she was an infant the family moved to Maryville, where she spent her girlhood. When she was 20 years old she married Andrew Trigg Jenkins, and eleven years later moved to Kansas City, where Mr. Jenkins engaged in banking. His death occurred in 1879.

ARRESTED AT ST. JOSEPH.

Richard Grooms of Guilford Charged With Forging a Check.

Richard Grooms was arrested in St. Joseph Wednesday on a charge of passing a bad check at Guilford. He was brought back to Guilford and will be put in the county jail here for the April term of circuit court. Prosecuting Attorney George Pat Wright issued an information against Grooms Friday.

The St. Joseph Gazette says: Richard Grooms, 22 years old, Guilford, Mo., wanted at that place on a charge of passing a bad check, was arrested here Wednesday night by Detectives Duncan, Thompson, Maney and Linck. He was taken into custody within twenty minutes after the detectives had received word that he was wanted. The constable at Guilford telephoned the police Wednesday night that Grooms and another man were on their way to St. Joseph on a freight train.

The detectives went to North St. Joseph, but when they got there the train was already in. They separated and made a search of the vicinity. The two men were found on a street car.

MARRIED IN LOS ANGELES.

C. J. Colden, Former Maryville Resident, Wedded to California Woman.

Charles J. Colden, a former Maryville resident and well known here and over the county, was married last Thursday at Los Angeles, Cal., to Miss Clara Norman of that city. Mr. Colden has been making his home in Los Angeles for the past few years. Mr. Colden was divorced at the Gallatin circuit court on November 4, 1913, by Mrs. Jessie Colden, who is residing in Maryville. Mrs. Colden was given a decree, the care and custody of the children and $6,000 alimony.

The following is an account of the wedding as taken from a Los Angeles paper.

In other countries many people have been married amidst olden relics, ancient churches showing the wear and tear of existence, old cathedrals whose naves have rung with voices long since stilled, chapels which have seen the nuptials of many a fair maid and man. But it remained for Los Angeles, the town of the future, to hold the record for having a wedding in a church building which is yet four or five months from completion.

Yesterday morning the Trinity M. E. church, South, Grand avenue and Ninth street, saw its first wedding—a wedding whose lines were read by the Rev. Charles C. Selecman, pastor of the church, with the sound of determined hammers instead of the swish of silken skirts, in a scent of fresh paints, oils, plasters and woods instead of the usual odor of flowers and perfumes. For the congregation there were at least 150 workmen; all with their labor in hand.

With only two witnesses, Miss Clara Norman, until recently a pretty young school teacher at the Utah street school, and Charles J. Colden, a realty man in the Union Oil building, were united in marriage. Miss Norman, or rather Mrs. Colden, has been making her home at the Stillwell hotel until yesterday.

And no one at the hotel knew anything about her sudden determination to depart on the sea of matrimony. Their reason for choosing the unfinished church was an altruistic one. It was because they liked and admired all that the new church stands for. It is a nine-story building. In its four walls are to be rooms for young men who have no ties of home, and big reading rooms for study and for play. And so in the promise of a beautiful big church was performed this unique affair yesterday.

The K. P. Celebration.

The local K. P. lodge held a public ritualistic service Thursday night at the lodge hall in honor of the golden anniversary of the founding of the order in this country. Many of the officers of the local lodge spoke of the achievements during the fifty years, and that the lodge today was one of the strongest in the country with 750,000 members. Music was furnished by the Dietz sisters, composed of Grace, Edna, Esther and Margaret Dietz. Vocal solos were given by Helen Rose Crawford and Bernice Crawford. At the close of the program a luncheon was served.

School Was Dismissed.

Prof. J. L. Campbell, principal of the Parnell public schools, was taken sick last Friday and had to dismiss his room for the afternoon. The school board met Monday morning and decided not to have any school this week on account of the professor's condition, but expect to open next Monday morning.—Parnell Sentinel.

ELEVEN CONVERTS

AT BAPTIST CHURCH REVIVAL MEETING THURSDAY NIGHT.

AGAINST THE MORALIST

Rev. George L. Hale's Sermon Was Against Moralist in Particular and Hits Many Others.

"One woman, bending over a washtub to support five or six children is infinitely worse off than all the old maids," said Rev. George L. Hale at the Baptist church last night in his talk on "The Lost Opportunity of the Trembling Sinner." Rev. Hale took his text from the court room scene of Paul graphically arraigning King Aggrippa before the judgment throne of his own conscience. As a modern Paul, Rev. Hale made several tremble before the bar of their own conscience before he had finished his strong argument against the moralist in particular. He said that the moralist was one of the biggest sinners we have to contend with today. This distinction was gathered from his remarks, that a moralist does right because he reasons that that is the best way to live. A Christian does right because he loves to do right and feels a pang of conscience when he does wrong.

"One reason for so many divorces," he said, "is because so many young girls are afraid that they will live to be old maids if they don't accept the first chance they have for matrimony. We need more women with backbone to withstand the temptations thrown before them and make the name of woman revered among men. We need more men with backbone to help women uphold the standard of purity and chastity. The best only way to live a right and pure life is to seek Jesus and implore His aid. About the only time we ever think about calling on God is when we get in a tight place and human aid is of little value."

He spoke on the creative power of man. "If we were to take," he said, "a cell from the brain of the eminent statesman Gladstone, one from the brain of the poet Milton, one from the military genius Napoleon and one from all the great men of history we would have a man with infinite brain power. Yet he would not be able to create even one little grain of sand, so small and limited is his power to create compared with the power of God. So great is the power of God that He flung the planets into space and not one of the myriads upon myriads of worlds and planets move out of harmony in their endless course.

"Too many people go about bragging on the august 'I,' that I have paid my honest debts, that I have given aid to the poor and so on, yet that very same person is a violater of the greatest commandment, 'love thy neighbor as thyself.'"

Rev. Hale will speak tonight on the subject, "The Devil's Pay."

The music of the meeting is most inspiring under Rev. Henry's leadership. There were eleven conversions at the close of the service and additions to the church. Three others went to the front for prayer, and others in the audience signified a desire to be saved.

Dr. Hale announced that he would hold a men's meeting Sunday afternoon at 3 o'clock, and that he would talk on "Religion in Practical Affairs." He will read several personal letters from well known statesmen, among them President Woodrow Wilson, Speaker Clark, Joseph G. Cannon, William Jennings Bryan, and others, in answer to the questions as to whether the spirit of Christianity is more dominant in political life now than it used to be.

Health and the Open Winter.

The old-time theory that an open winter is prolific of ill-health seems to be disproved for the present season, in Chicago at least. The winter has been unusually mild, the thermometer on January 28 recording 60 degrees. There has been practically no snow throughout the months of December and January. According to the Bulletin of the Chicago Department of Health, there has been for the eight weeks ending January 24 a reduction of 29.6 per cent in the pneumonia death rate as compared with the average of a like period for the previous five years; 23.3 per cent in influenza and 7.8 per cent in the rate for tuberculosis. There have likewise been reductions of measles, which dropped 82 per cent; scarlet fever, 54 per cent; diphtheria, 24.2 per cent, and whooping cough, 18.2 per cent. The Bulletin accounts for this by the opportunity given by the mild weather for outdoor living and better ventilation in living quarters. It is estimated that in the diseases named there has been a saving of 515 lives during the six weeks of December and January for which the comparison was made.

DANGER AFTER GRIPPE

Lies in Poor Blood, Cough and Worn-Out Condition.

Grippe, pleurisy, pneumonia are greatly to be feared at this season.

To prevent grippe from being followed by either pleurisy or pneumonia, it is important to drive the last traces of it out of the system.

Our advice is to take Vinol, our delicious cod liver and iron preparation without oil, and get your strength and vitality back quickly.

W. W. Lake of Aberdeen, Miss., says: Grippe left me weak, run-down and with a severe cough from which I suffered for a long time. I tried different remedies, but nothing seemed to do me any good until I took Vinol from which I received great benefit. My cough is almost entirely gone and I am strong and well again."

Try Vinol with the certainty that if it does not benefit you we will give back your money. Orear-Henry Drug Co., Maryville, Mo.—Advertisement.

New York, Feb. 20.—Adolfo De La Barra, Mexican minister of finance, arrived here on the steamship Kron Prinzessin Cecilie on his way to Mexico City from Europe, where he obtained funds to meet interest payments due on government bonds in January and April. IF CHILD IS CROSS, FEVERISH AND SICK

Look Mother! If Tongue is Coated, Cleanse Little Bowels With "California Syrup of Figs."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sours, then your little one becomes cross, half sick, feverish, don't eat, sleep or act naturally, breath of bad, system full of cold, has sore throat, stomach ache or diarrhoea. Listen, mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Whooping Cough is Rampant.

The whooping cough and mumps seem to have the town. Never has there been so many cases, all due to carelessness. Not a single case of these contagious diseases has been posted and very little effort has been made to keep the children affected, especially as to whooping cough, at home. There is a city ordinance somewhere in regard to contagious diseases, and it was published at the time it was passed by the city council, and it is evident the matter has been forgotten by everybody in caring for the afflicted ones. A good many little folks, babies especially, are suffering fearfully from whooping cough, and they might have been saved from it by care on the part of parents, who should have kept children exposed to it at home.

GOETHALS REACHES NEW YORK CITY

Canal Builder Will Not Talk About Mayor Mitchel's Offer.

New York, Feb. 20.—Colonel George W. Goethals arrived from Colon, made non-committal answers to questions about a letter brought to him from Mayor John Purroy Mitchel, that left the question of his acceptance of the New York police commissionership more uncertain than ever and then left for Washington.

Blunt questions and ingeniously devised queries about the police commissionership brought one inevitable answer: "I have nothing to say on the subject of the police commissionership."

"When your term as governor of the canal zone expires will you then consider taking the police commissionership?" he was asked.

"I really don't know," the colonel answered.

The business that took him to Washington was, he said, the reorganization of the government of the canal zone, the appropriation of $24,000,000 for terminals, docks and fortifications and especially the disposal of the charges made against John Burke, manager of the commissary department of the Panama railroad.

NORRIS ASKS INFORMATION

Proposes to Block Any Deal for New Haven Compromise.

Washington, Feb. 20.—Senator Norris introduced a resolution to direct Attorney General McReynolds to inform the senate whether the department of justice is contemplating entering into any contract or agreement with officials of the New York, New Haven and Hartford for reorganization of the railroad or settlement of its financial difficulties.

The resolution would ask information of whether any agreement would contemplate giving immunity to any persons connected with New Haven transactions and whether such an agreement contemplates the surrender of any right for actions to recover money or damages "on account of the misappropriation of the money, funds or property of said company."

Burlington, Ia., Feb. 20.—Clinton, Ia., was admitted to the Central Baseball association at the special meeting of the league directors held here. Clinton succeeds Monmouth.

Washington's Unselfishness.

When I was first honored with a call into the service of my country my duty required that I should renounce every pecuniary compensation. From this resolution I have in no instance departed, and I must decline as inapplicable to myself any share in the personal emoluments which may be indispensably included in a permanent provision for the executive department and must accordingly pray that the pecuniary estimates for the station in which I am placed may during my continuance in it be limited to such actual expenditures as the public good may be thought to require.—First Inaugural.

BOY TELLS OF SOLDIERS' BRUTALITY

Says Guardsmen Took $200 From Purse in House.

Trinidad, Colo., Feb. 20.—At the federal investigation of the coal miners' strike Gustav Yeskenski told in broken English of being kicked by a militiaman when he tried to protect his home and his little brothers and sisters. He declared that two soldiers came to the family ranch at Suffield, Feb. 10, ransacked the rooms and took $200 from his mother's purse. Following the lad's testimony, Captain W. C. Danks made a statement to the committee that the alleged incident had been reported to Adjutant General Chase and that an active investigation by the military authorities was in progress. Captain Danks said it had not been determined whether or not the alleged outrage was the act of militiamen.

Mr. and Mrs. David C. Johnson, ranchers, owners of the land on which the Forbes strikers' colony is located, testified that the battle of Forbes, Oct. 17, started when a mine guard threw down a white flag he had carried to the colony entrance.

SERIOUS FLOODS IN CALIFORNIA

Property Loss of From Five Hundred Thousand to Million.

TWO FATALITIES ARE REPORTED

Southern Counties Visited by Heavy Rains—Six to Eight Inches in Places. Orange Growing Section and Railroads Suffer Most.

Los Angeles, Feb. 20.—Two lives were lost and damage estimated at from $500,000 to $1,000,000 was wrought by the storm which sent a record rain to six southern California counties. At several points near Los Angeles a precipitation of from six to eight inches was recorded. The orange growing section and the railroads suffered most.

The three trunk lines entering Los Angeles, the Southern Pacific, the Santa Fe and the Salt Lake railroads, were compelled to route all trains over a Santa Fe branch line. Santa Barbara and towns in the foothills region were still cut off.

At Covina, in the fruit growing section, the storm wrought damage estimated at $100,000. Orange orchards were washed out there. The body of Harold Seit, a rancher, drowned there, was recovered. The body of Emmett Osterman, the thirteen-year-old boy drowned at Santa Barbara, was believed to have been swept out to sea. Many residents were concentrated in this city and in the low lying sections about Santa Ana, in Orange county, thirty-five miles southeast, hundreds of acres were inundated. The homes of thirty Mexican families in the same district were swept away.

CHARGED WITH FRAUD

Man Who Would Buy House for Goethals Arrested.

Washington, Feb. 20.—Robert Andrew Hamilton, who says he is a civil engineer employed by the Canadian Pacific railway, was arrested here by postoffice inspectors on a charge of having used the mails with intent to defraud. They charged him with connection with a project which mailed circulars to mayors of 700 cities soliciting contributions to a $50,000 fund to buy a home for Colonel George W. Goethals. Hamilton protested to the postoffice authorities and the police that he was a great admirer of Colonel Goethals and intended to withhold from the funds collected only enough to pay his expenses in arranging the gift to the Panama canal builder.

Washington, Feb. 20.—"Bachelors encumber the earth," remarked Secretary Daniels when he ordered Lieutenant Harrison E. Knauss detached from the presidential yacht Mayflower so he could be married. The Mayflower is going to Mexican waters. "I am in favor of matrimony for all naval officers," said the secretary, "and I shall do all in my power to help such a good cause along."

Vindicating Reed.

Several newspapers, in speaking of the currency bill, now admit that as put through the house originally, the bill was impossible. They praise the improved form in which it finally became a law. What is the inference, when such a paper as the Republic makes such a statement? What is it but a confession of its own error and insincerity in denouncing Senator Reed? It will be remembered that both the Republic and the Post-Dispatch had many harsh things to say of Mr. Reed, accusing him of opposing the president and delaying the bill for unworthy motives. Yet beyond a doubt, while these papers were denouncing him for dilatory tactics, Senator Reed's efforts were directed to perfecting the bill, and it may be said that if any member of congress deserves credit for the bill as it finally passed it was the junior senator from Missouri. In this admission that the currency bill, as signed by the president, was a vast improvement over the bill passed by the house, Mr. Reed may find his vindication, while at the same time the St. Louis newspapers which attacked him confess their own error or lack of honesty.—St. Louis Censor.
